Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. IX. No. 78. The County Seat Paper NEVADA CITY, CALIFORNIA The GOLD Center FRIDAY, AUGUST 2, 1935.

The Nevada City Nugget helps your city and county to grow in population and prosperity. By subscribing to, and advertising in the Nugget, therefore, you help yourself.

Thinking Out Loud

(By H. M. L.)

It is human nature that once out of danger, the menace that threatened our lives is pooh-hooed, any intervention of providence or favorable circumstances is betlittled and we attribute our escape to our unaided efforts, individual courage and superior resourcefulness. Witness the World War, with the Allies praying and beseeching Uncle Sam to intervene to save them, our action in tipping the scales in their favor and the repudiation of debts and credit for the part we played in saving France, England and Italy from a Teutonic submersion.

In politics the story is the same. Franklin Roosevelt, hailed as his country's savior two years ago, with every expressed Republican doubt smothered in the general acclaim of the Democratic Messiah, or the savage ridicule of a people beset by fear, now stands in the spotlight of searching criticism. Leaders in his own party are not less censorous than the Old Guard. This condition is almost inevitable, since human nature is as it is. Recovery is almost here. Normalcy, as we used to call it, is within sight. Whether Roosevelt and the Democratic administration is the bridge we crossed on the way from depression to prosperity, is a matter of country-wide dispute. The Supreme Court ruling on the NRA blasted wide open the barrier that has held criticism inarticulate. Two years ago, taking counsel in despair, big business and priviliged interests, cried: "Let us save what we can." Today the cry is: "Let us gain what we can."

Put a clean shirt on a tramp, and while he may not conduct himself like a gentleman, he will feel a new confidence and face the world with new courage. Thus our country in the midst of the depression. A new administration, re-establishment of confidence, even though the measures adopted were of little account, turned the trick. We have put on a clean shirt and are going places. Let us not forget to thank President Roosevelt for that, even though those who still regard him as a Moses, will call this damning him with faint praise.

It is timely perhaps to make a profession of faith. It is this. We believe in our Constitution, the Supreme Court of the United States, and the preservation of functions inviolate of the three branches of government, the legislative, the administrative and the judicial. We admit our Constitution needs changing to meet changing conditions, but the instrument itself provides the means for affecting those changes. We hold that, any departure from these principles, except in time of war or dire emergency, which the Constitution itself amply provides for, is fraught with peril to our country. This profession of faith, we submit, is not hide-bound conservatism. It leaves a wide margin of discretion regarding what constitutes an emergency. It permits the Chief Executive plenty of latitude, but if he ventures too far into that margin of discretion, he does so at his own political peril.

Secretary Paine of the California State Fair has blighted the fond hopes of an exhibitionist couple who wished to be married in front of the grand stand. Cupid indulging in a moronic passion for publicity becomes a sorry little rascal, meanly competing for popular favor with blooded horses, well bred hogs and gentle, kindly cows. Secretary Paine is to be thanked for preventing an inevitable contrast which would be noted by thousands of thoughtful people, between bird witted specimens of humanity, and the finest breeds of domestic animals.

CITY COUNCIL TO SIT AS EQUALIZATION BOARD

The city council on next Monday morning, August 5, will meet at the city hall at 10 o'clock in the morning to sit as a board of equalization to hear any complaint there may be regarding assessments of property. The board will meet each evening thereafter at 8 o'clock in the evening up to and including Saturday evening, August 10.

Mr Tulie Massie and daughter, Miss Pearl Massie, with several friends of Sacramento motored to Nevada City Sunday. Miss Massie visited Mr. and Mrs. Brian Krough while the others inspected mining property near Downieville.

Today Dorothy Thomas Leads In Queen Ballot

Well, here's the score as it stands today in the county-wide contest among six charming girls to see which will be queen of the San Juan Fiesta.

Dorothy Thomas of Nevada City, 29,750.

Adele Cunningham of North San Juan, 27,310.

Beth Young of Nevada City, 26,270.

Lois Kessler of North San Juan, 25,040.

Lois Davis of Forest, 21,370.

Irene Browning of French Corral, 14,840.

That's the score today, Dorothy Thomas of Nevada City leading by a narrow margin, Adele Cunningham, a near second, and Beth Young close up as third. But the morrow will tell a different story. More merchants are calling for ballot blanks, the Nevada City Nugget press roaring away, printing 10,000 more ballots and people far and near are diligently getting their ballots with every purchase, and casting them for their favorite candidates for queen of the San Juan fiesta.

Now mark this, because it is probably the first time it ever happened, all the girls in this county race are good friends. There is not one little bit of jealousy, there has not been one depreciating remarks, one contestant about another, heard in this grand race. One thing that helps to keep the contestants in somewhat same status as obtains in a pleasant club of congenial members, is the fact that there are honors and prizes enough for all. Whoever is queen will have five beautiful princesses in waiting and all of them will receive many prizes and all will be guests of the fiesta management for the two days of fun and feasting.

Generally speaking every day sees some new development in the magnitude of the San Juan Ridge Fiesta. Downieville is coming into the race and how the Sierra county people are going to vite is an open question. It may be that Sierra county will cast the deciding ballot.

The new community house at North San Juan is rapidly taking its final form and the committee declares that this structure, which will be the focal point for the big celebration will be ready for the festivities on August 17 and 18. The entire Ridge and, for that matter the county, is all on tip-toe for this event. Chain letters sent out early in the preparations, to all former residents of the Ridge have brought forth eager responses, and aside from celebrating the revival of prosperity, which the great debris dam project at the Narrows portents, this fiesta will be a home coming event of unusual magnitude.

Nevada City merchants who give ballots away with every 25 cent purchase are: Kopp's Bakery, Betty Jean Shop, J. J. Jackson, Colley's S. Lee Leiter, National Market, Electrical Murray, Bosworth Co., Boston Store, Purity Store, Nevada City Drug Store, and R. E. Harris Drug Store.

FOUR MINERS DRINK 38 QUARTS OF MILK A DAY

Four miners hard at work near Smartsville ordered a dairyman in the vicinity to leave them 38 quarts of milk every day. The milk is from a pure-bred Guernsey herd and very rich in butter fats. After several weeks the dairyman discovered that only four men were employed where the milk was delivered, and his curiosity was aroused.

"Of course," said he in a chat with the foreman, "milk is the best and most easily assimulated food in the world, despite what the Book of Genesis says about the apple. But I would like to know what you do with so much milk. Do you take baths in it like Aspasia? And if so does it cure you of what ails you?"

"No," replied the foreman. "None of us has got aspasia. We drink it. We find we can do more work, each one of us, on two and a half gallons of milk a day. We drink it at meals and in between times instead of water, and it makes our hair curl and we make the dirt fly."

IDAHO MARYLAND BEGIN OPERATION IN FORBESTOWN

The Idaho Maryland Mines company has taken over the Forbestown mining district, eighteen miles of Oroville. Options have been acquired on all the principle properties there, and twelve men under J. E. Ehrhorn are now engaged in rehabilitating the surface building. In a short time it is expected scores of men will be employed. It is the intention of the Idaho Maryland management to spend at least six months on the work of rehabilitation. The Forbestown district is one of the sections noted for heavy production in the early days, and engineers declare it has potentialities for very profitable operation under up-to-date mining equipment and management.

Forbestown in the late 80's and 90's was a big mining town. If the Idaho Maryland Mines Company's development work of the old mines justifies extensive operations, it is expected that that town will return to its former size and glory.

Many thousands of dollars were taken from the mines here. The ore is rich, but no mine was worked to a great depth.

CHANNEL UNDER DUTCH FLAT TO BE EXPLORED

AUBURN, Aug. 1.—The Sacramento Bee says: Mining rights beneath the entire town of Dutch Flat were claimed yesterday as a mining location in a document filed with Mrs. Sarah M. Ekberg, county recorder, by eight mining men headed by Lman Gilmore, operator of the Iowa Hill divide and prominent figure in the mining world.

The location, it is stated in the document filed with Mrs. Eckberg, includes all mining rights excluded from the Dutch Flat lot patented to Judge Stears in 1867. The area comprises about 160 acres.

Associated with Gilmore in filing location notice are his brother, C. H. Gilmore, Ralph F. Moss, E. N. Major, V. M. Major, J. S. Osborn, Arnold Moore and H. Fowler.

The filing of the notice follows many years of conjecture and effort regarding the prehistoric gravel channel thought to follow the course of a river that once flowed under Dutch Flat.

In 1886 the Federal Gold Drift Mining Company was formed by residents of Dutch Flat to tap the channel. A shaft was sunk but did not reach a depth sufficient to tap the supposed rich gravel deposits.

E. G. Fabian, Chicago engineer, two years ago procured scores of rights from holders of surface property, below business houses, residences, schools, churches, roads and streets.

Fabian's employes sunk a shaft more than 100 feet but later abandoned the project. Since that time it has been studied by other experts, but the supposed gold reservoir has not been tapped.

NEW HOME IS BUILDING

Mr. and Mrs. J. M. Martin, of the bay district who purchased a 14-acre tract of land south of Nevada City on the main highway about a year ago, are erecting a modern five-room home next to the Cartoscelli house. The building is practically completed all that remains is the plastering and Mr. and Mrs. Martin expect to move into their new home in a few weeks.

PONEMAH COUNCIL CARD PARTY

Ponemah Council, Degree of Pocahontas of Nevada City will call its regular meeting in Pythian Castle at 7 o'clock, Monday, August 5. At 8 o'clock they will give a public card party. Several prizes have been donated and a good crowd is expected. This card party has been arranged so as not to interfere with the Boy Scout card parties in Nevada City within the next few days.

Mr. and Mrs. Russell Farley had as guests Monday, Mr. and Mrs. R. J. Joyner and Mr. and Mrs. E. Hunter all of Tahoe City.

Community Card Party August 7, Will Climax Scout Jamboree Drive

Nevada City is demonstrating day by day that it "knows how." It knows how to take care of the Red Cross, the Benevolent Association, the Salvation Army, and more lately, the municipal park and pool. At the moment the campaign to send three scouts to the National Jamboree at Washington, in response to the request of President Roosevelt, is again demonstrating the fact that Nevada City knows how.

Wednesday evening Mr. and Mrs. Tony Rore gave a big 18-table card party at their home on Clay and Nihell streets. The party was held on the spacious lawn of the Rore home and sixty-eight guests partook of the hospitality of the Rores, which included fruit punch. Flood lights illuminated the garden. Everyone attending had a tip-top time, and the scout fund was swelled by just $17.

Substantial donations have been received from Oustomah Lodge, I. O. O. F., Mrs. Raglan Tuttle and others. These donations are very much appreciated by the scout council and the fund committee.

Donors of prizes consist of Herbert Skeahan, Plaza Grocery, Rose Dress Shop, Alpha Stores Ltd., Dickerman Drug Store, Felix Gillett Nursery, Bosworth Furniture Store, Purity Stores, grocery and meat departments, Colley's, Boston Mercantile, Penrose Grocery, Bolton's Five and Ten, Foley's, Quality Market, grocery and meat departments, Universal Store, Builders Supply House, Nevada City Drug Store, Nevada City Nugget, Service Garage, Elza Kilroy and Kopp's Bakery.

It will thus appear that those who attend the great community card party on August 7 in Armory Hall, will have many prizes to play for. Arrangements for this climax of the campaign are going forward at a fast pace and the committee in charge declares that those who wish to attend should make their reservations as soon as possible with Elza Kilroy, chairman.

The door prize which will be the fortunate lot of some one to win at the community card party in Armory Hall next Wednesday ngiht will be one of unusual value. The committee are keeping this big prize a close secret, but make no bones of the fact that it will be something that anyone will be mighty glad to win.

Last night the Nevada City high school band gave another concert in the splendid summer series it has been rendering and a silver collection was taken up for the benefit of the Scout Jamboree fund.

Prize winners at the benefit card party at the Tony Rore home Wednesday night were: Mrs. Oscar Odegaard, first, and Ray Wilde, second, at whist; Mrs. W. R. Jefford, first and Mrs. James Penrose, second at auction bridge; Mrs. Armstrong first at contract bridge.

NATIONAL HOTEL CARD PARTY TO BENEFIT SCOUTS

The National Hotel has offered its hospitality to the card playing public to aid the Scout Jamboree fund on Saturday (tomorrow) evening. The hotel throws open its doors at 8 o'clock and the banquet room, the upstairs lounge and the balcony will be available. A large number of hostesses are preparing to take tables at this big party at the National. Mr. Worth has always been among the foremost of Nevada City business men in his support of the Scouts and the committee in charge of the campaign is appreciative of his splendid co-operation. Reservations should be made at once for this event. They should be made either with Elza Kilroy or Fred Worth. The National Hotel will provide as many tables as are available and the scout committee will provide whatever others are necessary. Seats at the tables will cost 25 cents each.

3,000 VOTES FOR QUEEN WITH EACH NEW NUGGET SUB.

The Nevada City Nugget in an advertisement in today's issue is offering 3,000 votes for San Juan Fiesta Queen with every new subscription brought in before Sunday, August 11, the last day on which votes will be accepted by the committee.

Here is a chance to elect your favorite. For $2.50 you can get all the Nevada county news twice a week for a year and 3,000 votes for the San Juan Fiesta Queen.

Hundreds of former residents of the Ridge will return to San Juan for the fiesta. They are going to be surprised at the many new activties in Nevada county. Friends will greet friends they have not seen for years. A renewed interest in their home county will be the result.

Write them, sell them the Nugget, which will keep these former residents informed about their county and at the same time give the subscriber 3,000 votes for the favorite candidate for fiesta queen.

BRAND HOME IS SOLD TO DR. REED

Dr. W. W. Reed of this city has purchased the home of Miss Brand at 415 Broad street. He will convert the building into a suite of spacious offices for his practice. The Brand home has a considerable frontage on Broad street, with a very old and beautiful garden adjoining the home and in the rear. The large lot extends to Spring street. It has long been regarded as one of the most desirable properties on Broad street.

BURGLARS ROB GABLES RESORT

Sometime after 1:30 Thursday morning thieves entered the new resort The Gables, in the Glenbrook district between Nevada City and Grass Valley and made off with several slot machines.

Sheriff Carl J. Tobiassen of Nevada City, and Deputy William Woods of Grass Valley, were called early in the morning or as soon as it was discovered and investigated the robbery. The officers found the thieves had climbed up and slipped through an upstairs window which was open. Their only loot was the machines as nothing else was touched. There were about $20 in the till of the cash register, according to Deputy Sheriff Woods.

Several persons live in the building but did not hear the burglars.

"GABLES" PROPRIETOR CALLED TO LOS ANGELES

Deputies from the Los Angeles sheriff's office on Wednesday took into custody George Knack, proprietor of "The Gables", a new roadhouse established recently at the corner of the highway and the road to Lake Olympia. Knack was arrested by Sheriff Carl Tobiassen Saturday on telegraphic warrant from Los Angeles. He is accused of grand theft, having allegedly stolen blankets, bedding, rugs and other household furnishing from Dr. Arthur Cecil of Santa Monica. These articles were found in his bedroom at "The Gables." Before his departure Knack stated that he would have nothing to say until he reached Los Angeles when, re declared, he would be able to satisfactorily explain the matter.

ERROL MAC BOYLE TOURS STATE MINE DISTRICTS

Errol MacBoyle, chairman of the California State Mining Association, and J. C. Kemp Van Ee, Jr., have been making a tour of the various mining districts of the state. They are seeking to learn the requirements and wants of miners and operators in California in order to interest the federal government and bring to the attention of the administration the needs of the large and small mine operators. MacBoyle is vice-president and general manager of the Idaho-Maryland Mines Co., Grass Valley. July 30, Mining Journal.

BOARDING HOUSE LEASED

Two women of San Francisco, Mrs. Peroti, and partner have taken a lease on the Solaro boarding house at the Gold Run bridge in Nevada City and will conduct a boarding and rooming house.

The building has had a large porch rebuilt, several rooms added and the whole reconditioned and painted. A large load of furniture was brought up from below in the last few days for the hotel.

This has been a favoritt stopping place for miners for years. Mrs. Phil Solaro has managed the hotel for many long years and is now retiring to take a well earned rest.

DEER ALONG HIGHWAY

Mr. and Mrs. E. J. Haverstock of Washington driving along Tahoe-Ukiah highway Wednesday, entered the George Gardner home ten miles east of Nevada City, a big doe jumped out of the brush and gracefully bounded down the road ahead of the car. A few days before they had noted another doe reclining in the lush grass of a meadow on the Robinson ranch. Many deer have been noticed recently by motorists along the Tahoe Ukiah highway.

VETERANS URGED TO FILE ABSENT VOTERS BALLOTS

LODI, Aug. 1. — Legionnaires were urged today by State Commander Archie Closson to file their absentee voters ballots in their home towns before leaving for the Fresno State Convention August 12, 13 and 14.

He urged all veterans to follow out the vote of their districts expressed at a state departmental convention recently and vote "yes" on proposition 3 on the ballot.

Under proposition 3, authority will be created for accepting a federal grant of 45 percent with which to start construction of a dam in Rector Canyon, Napa county. The dam will impound water for use of the veteran's hame at Yountville and three other state institutions. Under the wording of the proposition, the state will be able to issue revenue bands for completion of the dam and pay for it through sale of water without cost to taxpayers.

Proposition No. 1 on the ballot also has a direct appeal for veterans, Closson pointed out. It provides for a $13,950,000 bond issue, a large portion of which will be used to construct new buildings and extensions of state hospitals and homes now woefully overcrowded. Many ex-soldiers and ex-sailors are wards in those institutions. Inmates in many state hospitals are sleeping on army cots in hallways and attics because of lack of accomodations.

Ben and Murray Pryor, of Sacramento, while enroute home from a business trip in the eastern end of Nevada county Thursday stopped over until this morning with their sister, Mrs. Ed Martine and Mr. Martine.

Who Can Work, Must Work

(Contributed)

One difficulty that the new Works Progress Administration is going to run into when it gets under way throughout California was strikingly illustrated in San Francisco the other day.

The first call in this state for workers to be taken off direct relief and put on new government jobs under the $4,000,000,000 re-employment plan was issued for an office project of the United States Forest Service.

And some of the first men interviewed declared they would rather stay on the dole than do honest work for their pay.

Such an attitude, scarcely conceivable to the average citizen, obviously will not fit into the merican scheme of things. It must not be permitted to spread.

These early manifestations of a growing apathy among the people must be quashed by insisting that the men who can work, work or get nothing. That, as a matter of fact, is exactly what has been told the dissenters in San Francisco.

There are philosophical ramifications to the phenomenon. Viewed as a social problem, it is more alarming than it is exasperating. It is fairly conclusive evidence that the dole engenders a mass ennui that could sap the vitality of the Nation.

Further, these early individual revolts may be the forerunner of trouble on a large scale when government subsidy already granted to so many millions of persons is withdrawn, which some day it must be.

But the immediate object is to impress the wayward with the futility of their dissension.

To follow this course it will be necessary for administrators of all California projects to co-operate in removing from relief those able-bodied pesons who refuse work offered to them.

CENTRALIZATION LURKS IN STATE TAX ON AUTOS

(By RALPH H. TAYLOR)

Is home-rule—California's traditional policy of local control of local government — headed for the discard?

Viewing the unmistakable trend toward centralization of governmental powers in the state, as evidenced in repeated efforts to consolidate county and city functions with related state functions, that question becomes one of the most though-provoking and controversial issues brought to focus by the 1935 state legislature.

Champions of home-rule, to be sure, won four of the five major skirmishes on the mott issue in the recent legislative session, but the advocates of state-rule, on the other hand, drove an entering wedge for their cause with a victory for the state automobile tax of $1.75 per $100, in lieu of the present local personal property tax.

Generally speaking, the fight on the home-rule versus state-rule issues resolved itself into a campaign by the first group to "keep government close to the people," while the consolidation advocates went into battle with the shibboleth of "economy" flying from their standards. The home-rule crusaders also gave emphasis, in their campaign against consolidation moves, to the argument that too much centralization of power in the state would tend to create a state political machine which would be almost unbeatable. And the proponents of greater centralization of government argued against this the fact that state control would increase efficiency, ellminate over-lapping local functions and benefit the taxpayers.

In the first round of the battle—and the 1935 session was undoubtedly only the preliminary test of strength—the results were as follows:

1. State highway unification program, designed to bring all county roads into the state system and abolish local highway construction —Defeated! A victory for the home-rule group, with the County Supervisors Association of California and the California State Automobile Association as outstanding members of this group.

2. "Five County Plan", providing for the consolidation of California's 58 counties into five units—Defeated! Another victory for the home-rule group.

3. Consolidation of county printing jobs under the state printer, eliminating the home-town printer —Defeated! Victory for the home-rule contingent.

4. Establishment of a State Police, which would have clipped the wings of county sheriffs—Defeated! Still another victory for the home-rule advocates.

5. Creation of a state auto tax, in lieu of the old local personal property tax; appropriating $15,-000,000 in local revenues for state purposes—Successful! A victory for the state rule group.

LAST CLASSES IN SWIMMING—LIFE SAVING

There is one more opportunity for Nevada City youth to receive swimming instruction this season. A new class is now organizing under the direction of Addison Janes. Monday August 5, is the dead line for enrollment.

Instruction will be given in beginners and the intermediate swimming in the morning and in advanced swimming, diving and life saving in the afternoon. The classes will last two weeks. A special adult class for those who desire to come out to the pool in the evening will be arranged if enough people enroll.

The vacuum cleaner, purchased by the Civic Club for the pool is now being installed and will be ready for use tomorrow.

MINE WORKERS PICNIC, AUG. 14

The annual picnic to aid the Widows and Orphans Fund of the Mine Workers Protective League will be held at Olympia Park on Wednesday, August 14.

In addition to functioning as a labor organization, the benevolent aspect of the Mine Workers Protective League is of much importance. As an organization of wide charity and helpfulness, it ranks as one of the leading institutions of the county. Since the last picnic a year ago, there has been paid to

Widows and Orphans, $1,016.00; other relief, $1,110.68; Accident benefits, $5,170.00. funeral benefits, $3,000.00; total $10,296.68.

While last year's picnic from a financial standpoint, was the most successful ever held, receipts still fell short of the total expended, but it is hoped the response of the membership and the public in general will, this year, overcome that condition.

BETTY JEAN RORE PERFORMS IN SACTO.

Miss Betty Jean Rore, daughter of Mr. and Mrs. Tony Rore of Nevada City, was one of six little girls who went to Sacramento recently and took part in a playlet, "Six Little Darlings," at the "Mickey Mouse" performance at the Alhambra theatre. Betty Jean was the only child from Nevada City to make the trip and was thrilled with her part in the playlet before the spotlight.

A Glimpse of Building Activity

VOL. 1. AUGUST 2, 1935. No. 17.

Small items in new and old homes that add a lot to the convenience of the owner—at small cost—are beautiful venetian bath cabinets, ironing boards with a table attached, wall shoe racks. We display and sell these and many more. It will pay you to visit our store.

Mr. and Mrs. Zachary Hays are constructing a new home on Alta Hill in Grass Valley. This modern home is in a wonderful hilltop location and will afford a fine view.

A number of Palco Septic tanks installations have been made and others are going to be made in the new residence section on Alta Hill.

Contractor Bill Forkner is putting up an addition to the Golden Poppy in Grass Valley giving much needed additional room to the owners of this popular place of business.

Among the cabin courts being constructed in this locality is one of six cabins for Mr. and Mrs. J. W. Stinson on the Auburn highway just south of Grass Valley. The cabins are modern in every respect, being of the latest type and will be ready for occupancy in a short time.

MIXING 'EM UP

The preacher had been advised by one member of the congregation to preach the old-timey gospel, and by another to be broadminded, so he mixed 'em up as follows:

"Unless you repent (in a measure) and are saved (so to speak) you are (I regret to state) in danger of hell fire (to a certain extent).

MERRIAM SIGNS BILLS AFFECTING FISH AND GAME

SACRAMENTO, Aug. 2.—A number of bills of much importance to anglers and hunters were signed by Governor Merriam. Among those of general interest were the following.

The season on steelhead fishing in the Klamath and Trinity rivers ends February 28 as heretofore, but in all tributaries flowing into the said rivers the season on steelhead closes December 31.

The use of fresh trout roe in catching fish is prohibited. This law is in effect now as an emergency measure, but all other fish and game laws signed by the governor, unless they were passed as an emergency will not become effective until September 15 of this year.

Of much interest to deer hunters is the law which will now make it possible to take and possess forked horn deer in District 1¾. This makes it possible to kill forked-horn mule-tail deer, and is a measure which has been advocated by a large majority of sportsmen throughout the state.

Another measure signed by Governor Marriam will do much to preserve salmon. This is Senator Scollan's bill No. 436. It provides a bag limit of two salmon per day by hook and line fishermen and makes it unlawful to use a spear to take salmon in California except in a certain restricted district in Stanislaus county. This Scollan bill was signed after one had been introduced by Senator Perry, namely, No. 173. The portions of the Perry bill which conflict with those of the Scollan bill are ineffective because the Scollan bill was signed after that introduced by Perry.

Another bill signed by the governor affects cottontail rabits. The season has been changed to conform with the quail season and it is now legal to shoot cottontails from November 15 to December 31.

The spiny lobster season has been changed. It formerly ran from September 1 to February 1. The new season will run from October 1 to March 15. It provides that no lobsters taken in California may be sold or possessed during the closed season.

Another law provides for civil action against persons who wilfully, negligently or unnecessarily take or destroy wild life in violation of the various statutes.

All bear have been removed from the fur bearing class and put in the game class with the season extending from November 1 to December 31. The bag limit is two per season. This same law also makes predators of ring tail cats, coons and skunks.

Another bill makes it unlawful to catch marlin except with a hook and line. Broadbill swordfish may be taken with hook and line, and harpooning is permitted.

Another bill provides that sardines may be packed in their own oil, and prohibits the netting of sardines in District 20. District 20 is Santa Catalina Island, and the portion of the state waters on the northerly, easterly and southerly side of said island lying between a line exteending west magnetically from the extreme westerly end of Santa Catalina Island to a line extending southwest magnetically from the southerly head land of Little Harbor.

The game refuge committee of the Division of Fish and Game no longer exists under a bill signed by Governor Marriam. It will no longer be mandatory for the division to spend one-third of the money obtained from the sale of hunting licenses for game refuges. This law will be effective September 15.

Sportsmen in southern California will be particularly interested in the signing of A. B. 2092 which makes it unlawful to chum with live bait in District 20. The boundaries of District 20 have already been defined in this article. This will effect sports anglers as well as commercial fishermen.

NEW JEWELRY STORE TO OPEN

Mr. R. J. Berggren of Van Nuys, southern California, arrived in Nevada City Monday bringing a large truck load of jewelry and equipment for his new jewelry store, in the Frank Davies building, on Commercial street.

Mr. Berggren has a fine record, having been employed in the Elgin watch factory in Elgin, Illinois, for 19 years before coming to California. He has been in the watch and jowelry business 26 years. In his new store he will carry a modern and complete stock to supply all demands. Mr. Berggren is preparing to open his store Monday. Work of remodeling the former Marigold Beauty Parlor into a modern store is being rushed.

Mr. Berggren was accompanied to Nevada City by his wife, daughter and son. They have taken an apartment in the Davies building.

FOREIGN WAR VETERANS TO PARADE AUGUST 11

Commander C. E. Bosworth of stated Wednesday morning that Banner Mountain Post, V. F. W., plans are going ahead to make the veterans parade in Nevada City and Grass Valley on the morning of August 11 as large as possible. The eight posts of the distict are preparing some special feature. Drum and bugle corps, which are always a strong drawing card are promised from Stockton and Sacramento.

The proposed bull fight to be staged in Red Men's grove in Nevada City is being developed into a thriller which should draw large throngs.

AMERICAN FLAG PROPERTY

James Grimes, who is interested in the American Flag mine above Camptonville, came down from the property Tuesday bringing in some good looking samples of ore. A 40-foot advance was made in crosscutting in the 500 foot tunnel where drifting is being done toward the contact.

PUBLIC DEFENDER CUTS TIME AND TAX PAYER CASH

BERKELEY, Aug. 1.—The public defender system, whereby indigent persons accused of crime are legally represented at county expense, is obtaining a high number of convictions and pleas of guilty, paradoxical as this may seem, and is proving a distinct time saver. These conclusions have been reached by the Bureau of Public Administration of the University of California, which has just completed a study of the system in Alameda county.

The University investigators found that more than half of the felony cases in the county are being handled by the public defender. Approximately 56 percent of the public defender cases resulted in a plea of guilty, on arraignment, and an additional 15 percent pleaded guilty in the period covered by the study. Only 17 percent of the cases handled by private attorneys resulted in pleas of guilt on arraignment, but 27 percent finally pleaded guilty.

Ninety-two percent of the public defender's cases resulted in conviction as against 77 percent of the private attorney's cases.

Regarding this situation, a statement by the Bureau says:

"The public defender undoubtedly has little or no interest in trying to keep guilty men from being convicted. His job is to see that they are adequately represented, that all circumstance surrounding their guilt are brought out in the trial, and that they are not unjustly prosecuted or tried. On the other hand, it is doubtful if the private attorneys consider their defense duties in the same light, inasmuch as they are hired to help a defendant avoid conviction if possible."

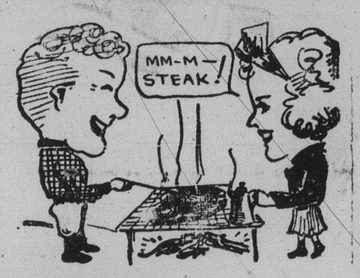

Another conclusion reads:

"The public defender cases took less time consistently in trial than the private attorney cases. In jury trials the average time of trial was twice as long for the latter group as for the former. In court trial the difference was not so great."

"There seems to be overwhelming evidence that the work of the public defender materially speeds up the handling of felony cases in the superior court of Alameda county," was the final conclusion reached by Ronald H. Beattie, research assistant of the Bureau.

The old porch and iron railing on the Powell building at the corner of Broad and Pine streets, is being torn down. This building was one of the earliest to be built in the city. The old iron railing was of an early day period and with its going another landmark of the '49er is disappearing.

NEW LAWS MAKE RADICAL CHANGE IN MINE RIGHTS

For many years all the western mining states except California and Utah have required certain "location" or "discovery" work when taking up a claim. This requirement greatly curtails the indiscriminate location and holding of numerous claims for speculative purposes and tends to prevent jumping of claims due to lack of proper monumenting. Walter W. Bradley, State Mineralogist, of the Department of Natural Resources, announces that a new California statue, patterned after those of Nevada and Arizona, has just been signed by Governor Frank F. Merriam and will become effective on September 14, 1935.

This act, introduced in the legislature by Senator Andrew Pierovich of Amador county, and known as S. B. 529, provides that within sixty days after location each corner and the center of each end line shall be marked by a post not less than four inches in diameter or a stone monument not less than 18 inches high. Within 90 days a shaft ten feet deep must be sunk or an adit or open cut made exposing the deposit ten feet below the surface.

On placer locations of more than 20 acres the locator within ninety days must perform $1 worth of development work for each acre in the claim.

The "location work" must be done on relocations of old claims by doing new work or deepening the old workings.

(By Joe Wilhoite)
Safeway Grocer

Some women shop around every week for food specials. You really have to check up in person because, if you buy by price alone, without seeing the goods, you're so often disappointed.

We would like you to make a test—to see if you can't save money EVERY DAY BY SHOPPING AT YOUR SAFEWAY GROCER'S.

For just one month, do all your buying from your nearest Safeway grocer. Keep track of what you spend.

Then, 30 days from now, COMPARE YOUR TOTAL FOOD BILLS WITH WHAT YOU SPENT THE PREVIOUS MONTH. NOTE THE AMOUNT YOUR SAFEWAY GROCER SAVED YOU.

Finest Produce at Real Savings

No need to pay premium prices for top-grade produce. Your Safeway grocer every day offers the finest at lower prices than are possible in most other stores. That's because of the Safeway system of selection, buying — and fast delivery from farm to city.

When you're shopping, let your Safeway grocer prove that you can make real savings on prime fruits and vegetables.

JAMBOREE BOY SCOUTS LEAVE IN TWO WEEKS

In just two weeks, thirty two Tahoe Area Council scouts led by four adult Jamboree troop officers, will climb aboard a Southern Pacific special from Auburn at 7:20 p. m. for a 7,500 mile trip to Washington, D. C. to participate in the first National Jamboree of Boy Scouts.

Over 30,000 scouts and leaders are meeting at the invitation of President Roosevelt as part of the 25th anniversary of scouting in this country as part of the Silver Jubilee for scouting. These scouts are coming from every locality in the United States and only two troops in Tahoe Council are not sending representatives. In both cases there were no boys who could meet the first requirement that of one year's membership and the rank of first-class scouts.

Tahoe Councils Jamboree committee can justly feel proud of the record they have set according to recent figures received from the National office. They are seending 142 percent of the iriginal quota of scouts based on the number of the troops in the council. This is the pecent of the regional quota of stands 14th in the United States out of 600 councils.

Jamboree Chairman, Guy W. Brundage has made plans for a big send off on August 13th T.he drum corps of the Auburn Post of the American Legion will parade with the Jamboree scouts to the Nevada street station of the Southern Pacific. Moving and still pictures will be taken and a final check made on all members of the group prior to leave taking of parents. It is expected that several hundred in addition to parents will be on hand to speed the scouts on their way as part of the special train containing 350 scouts.

Last Saturday and Sunday the Jamboee troop with only one short due to sickness put in a busy 24 hours practicing features to be used on their trip. Personal and patrol equipment was checked for shortages. Jamboree campfire stunts were tried out with great success at the closing campfire.

Final preparations and training will be done at Camp Pahatsi, August 9, 10 and 11 at which time pageantry, and costumes, entertainment, personal, patrol, and troop equipment will be checked over, to insure that the Tahoe scouts are as fully prepared as possible to meet any situation that may arise and are able to compare favorably with any other group.

The scouts are full of enthusiasm for the trip and have already started collecting news items, information bulletins and pictures for their "Trek Books" in which they will chronicle events and places they see. The troop has had a number of changes in it's membership since it was started, due to some dropping out.

MACK MINES, LTD.

Considerable delay is being caused through the felling of a tree by two youths, which fell over the P. G. & E. line not for fram the Mack Mines. in the Canada Hill district southeast of this city in the last few days. The shaft was flooded covering two pumps, which had been installed recently. The shaft was practically cleaned out when the mishap occurred. Bruce Wallace of Los Angeles is reopening the property.

YOUNG COUPLE OF N. SAN JUAN MARRIED

Miss Loretta A. Balsh and Ralph Emerson, both of the North San Juan section were married in the parish house of St. Canice Catholic church on Sunday with Rev. Father O'Reilly officiating. The young people will make their home at North San Juan.

250 MEN EMPLOYED

Cooley Butler interests are reported to be employing 250 men in the olden Center, Alta Hill and the Black Bear properties in the vicinity of Grass VValley, California. Reopening of the old Peabody mine is proceeding rapidly and it is believed that this mine contains extensive deposits of profitable gold ore. —July 30, Mining Journal.

L. R. ROBINS WILL MANAGE AUSTIN SILVER MINE

L. R. Robins, mining engineer who was general superintendent of the Tonopah-Bemont mining company property at Tonopah and other properties of the company in Nevada and Arizona, for several years, has accepted a position as general manager of the Austin Silver Mining Company property at Austin, Nevada. His work started August first.

Mr. and Mrs. Robins came to Nevada City three years ago from Ogden, Utah, and have resided on Boulder street during that time. Mr. Robins has made numerous examinations of mining properties in this section since coming here. It is with regret that the many friends of Mr. and Mrs. Robins see them depart. They have become quite deeply attached to this city and many friends are sorry to have them leave.

The Austin Silver Mining Company property is located in the city of Austin and has sixty men employed. Austin is the second oldest mining camp in Nevada. Virginia City being the first. The Lincoln highway runs through the mining property, which is 170 miles east of Reno.

Paul Klopstock, financier of New York, and Charles Sabin, Jr., an associate, are interested in reopening the Austin Silver property. The main shaft is being cleared out, enlarged and retimbered. The whole property is being equipped with the most modern machinery as reopening progresses. An extensive development program has been outlined.

TINY TRIPLETS REGISTER IN U. C. WELFARE COURSE

BERKELEY, Aug. 1.—The only set of triplets in Berkeley, so far as is known, has been registered in the University of California, although the trio has not even reached the kindergarten age. They have been signed up for the full play course at the University's Institute of Child Welfare, which includes such difficult subjects as constucting imposing castles from building blocks, going down the slide and painting pictures of something or other on a big canvas. The triplets, two girls and a boy, are the children of Mr. and Mrs. Ansel Hall, Chief Forester of the National Park Service. A set of twins is also majoring in building blocks at the Institute.

The children are enrolled in the nursery school of the Institute, where the little ones are permitted to play under the supervision of three teachers in order that trends of behavior and initiative may be studied and classified. The enrollment is limited to 33 in order that the studies may be made as intensive and conclusive as possible.

The purposes of the nursery school are to set up a laboratory for the study of child development by expert research workers, to collect information concerning child training for use of parent education, and to offer a limited number of University students an opportunity for the directed observation of children. The school is in session five mornings a week, from 9 to 12 o'clock, and is conducted entirely out of doors. Letters are sent to the parents, summarizing the research findings on the child's behavior.

All the children in the nursery school are of pre-school age, thus permitting an all year study under the direct supervision of the Institute scientists and technicians. Their course through school after they have "graduated" from the Institute is closely followed as part of the general study of the Institute.

ARGONAUT DIVIDENDS

The Argonaut company of Jackson, Amador county, recently declared a dividend of 25 cents a share on the 200,000 outstanding shares of common stock payable July 25 to stock of record July 19. This is the first payment on this stock since last August. Production has been very irregular since October, due to the miners' strike. but the mine is now operating nearly at capacity. June profit has been estimated at $40,000. E. A. Stent of Jackson is vice-president and general manager.

INGELS SEEKS TO HALT DRUNKEN AUTO DRIVING

SACRAMENTO, Aug. 1.—Declaring he would devote his administration to an attempt to make the highways of California safer for the motorists and to provide efficient registration service to the public, R. Ray Ingels, former senator and highway commissioner entered upon his new duties today as director of the Department of Motor Vehicles.

Ingels was named about ten days ago by Governor Frank F. Merriam.

Regarding his plans he said:

"Governor Merriam has expressed deep concern to me on several occasions concerning the frightful loss of life from motor accidents and has indicated his desire for me to determine if any steps are possible to reduce it.

"As director of the Department of Motor Vehicles I shall devote myself particularly to this task giving special attention to ridding the highways of drunken, reckless and careless drivers.

"I have no specific plans in mind for the accomplishment of the task and expect to have none until I have made a thorough study of the entire situation."

Ingels was silent concerning possible changes in personnel of the department except to say he would seek to operate on as economical a basis as is possible with efficiency and good service to the public.

He added he had no intention of causing a drastic upheaval in the department and that the rank and file of the employes have nothing to fear.

The new director already is a veteran in public service. Born in Indiana his family moved to Fresno where he was graduated from high school in 1909. After being gradnated from the College of Agricultrue, University of California in 1913 he was variously engaged as farmer, ranch foreman and university extension specialist until the outbreak of the war which he entered as a private and emerged as a lieutenant in command of a battery of artillery. After the war he engaged in the business of ranching near Ukiah in Mendocino.

He was elected to the assembly in 1929 and to the state senate in 1931 representing Lake and Mendocino counties in the latter capacity.

Governor Merriam named him a member of the highway commission in May of this year and to his present office on July 24th.

HOME BUILDERS WILL GET HELP AT STATE FAIR

SACRAMENTO, Aug. 1.—Visitors at the coming California State Fair, opening August 31, will find a fully equipped office of the Federal Housing Administration ready to explain the home purchase and modernization financing plan under the national housing act.

The office will also contain designs and plans for homes which can be constructed in a dozen different price ranges. Prospective builders will also be aided in preparing applications for loans.

California's leadership in the use of the government's better housing program is reflected in the heavy increase of exhibits of building materials and household appliances. Practically the entire manufacturers building has been alloted to these displays.

HOME IMPROVEMENT

The large house in which Deputy Sheriff and Mrs. Carl Larsen live, near Glennon's service station is being re-roofed. Many interior improvements will be made and the house will be made into two apartments.

Judge: "You are accused of speeding 60 miles an hour through a residential section. What have you to say for yourself?"

Motorist: "I had just heard, your Honor, that the ladies of my wife's church were giving a rummage sale and I was hurrying home to save my other pair of trousers."

Judge: "Case dismissed."

Said one lawyer to the other: "You're a cheat."

Replied the second lawyer: "And you're a liar!"

"Now that both parties have identified each other," remarked the judge, "we will proceed with the case."

STATE FAIR SEEKS MORE PULL

C.N.P.A. Service

This span of Belgians on an Ohio farm now holds the heavyweight pulling championship of the world, but the title may move west in the draft team pulling contest which will be one of the many added features of the California State Fair, opening for ten days in Sacramento beginning August 31. The teams will throw their strength against special weights mounted on an automobile chassis. Prizes of over $500 will be awarded in the contest.

From Aunt Sarah

SALADS FOR SUMMER

Shredded lettuce or shredded cabbage with sour cream dressing.

Sour Cream Dressing

Three-quarter cup sour cream, one- half cup vinegar, 1 tablespoon sugar, one-half teaspoon salt, 1 pimento chopped fine. Mix well and serve on the cabbage or lettuce.

Golden Salad

One package lemon gelatin, one cup boiling water, one cup canned pineapple juice, one tablespoon vinegar, one-half teaspoon salt, one cup canned pineapple diced and drained; two sliced ripe bananas.

Dissolve gelatin in boiling water. Add pineapple juice, vinegar and salt. Chill. When slightly thickened, add pineapple and bananas, turn into individual molds. Chill in refrigerator until set. Uumold on crisp lettuce. Garnish with mayonnaise.

MARRIAGE DECLARATIONS

FALCONI - ALARIA — In Nevada City, Nevada county, July 30, 1935, by Paul Falconi 31, and Angeolina M. Alaria, 21, both of Nevada City.

MARRIAGE LICENSE

FERGUSON-ANDERSON—In Medford, Ore., July 30, 1935, to John Marvin Ferguson, 23, and Helen Anderson, 20, both of Grass Valley Nevada county, California.

Mrs. Maurine Pease of Berkeley came up Thursday to spend the week end visiting with her parents, Mr. and Mrs. Ed Moomey of this city.

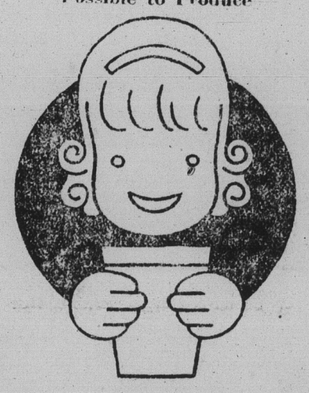

The Nevada City Fire Department was called to the Cotman house at the end of the Galt Bridge on Pine street Wednesday morning to take care of an overheated chimney. Neighbors seeing flames coming out of the chimney turned in an alarm. No damage was done to the building.

The pretty new home of Deputy and Mrs. Carl Larsen on Pine street is almost completed and they expect to move in in a few days.

"What would your wife say if you bought a new car?"

"Look out for the traffic light! Be careful now! Don't hit that truck! Why don't you watch where you're going? Won't you ever learn?—and several hundred similar expressions."

A. M. TOM
HERB SPECIALIST
TO WHOM IT MAY CONCERN:—
For years I was a sufferer from constipation. My blood was out of order and my kidneys and bladder bothered me terribly causing dreadful back-aches. On top of all this I had female trouble.
I tried several doctors but none helped me. One recommended an operation which I dreaded as a previous operation did not help me.
One day my husband noticed A. M. Tom's advertisement and suggested that I visit him. Having taken Herb treatments for five weeks, I am well again, and able to go back to work.
I cannot praise A. M. Tom too highly and if you are suffering I honestly recommend you to see him as I know what he has done for me, he can do for others.
Signed, Mrs. Lena Williams, 1230 Rameriz St., Marysville.

SOCIAL EVENTS

Mrs. Lacey Jones Hostess

Mrs. Lacey Jones of Cedar Woods apartments in Gold Flat entertained a group of ladies in a most delightful affair in a shady oak grove.

The group met at 10:30 and after quilting for some time a delicious picnic luncheon was enjoyed. Those present for the happy occasion were: Mesdames Ernest Towle, Clayton Chatfield, Jane Roberts, James Ryan, Roberts, Laughlin and the hostess.

Garden Breakfast for Visitors

Mrs. Frank Farmer most graciously entertained her house guests Mr. and Mrs. Louis Johnson of Berkeley, Mrs. Otto E. Schiffner and Mrs. Etta Los Kamp at a garden breakfast on Wednesday.

Mr. and Mrs. Johnson, who have spent the week visiting Mr. and Mrs. Farmer returned Wednesday afternoon. Mr. Johnson is connected with the University of California.

Personal

Mr. and Mrs. Robert Nye have returned from a ten day motor trip which took them up the Redwood Empire highway to Portland. Mr. Nye reports wonderful scenery, perfect roads and delightful weather. From Portland they took the trip up the Columbia River highway as far as the Hood River. The return trip was made through the valley.

Miss Jennie Berklin, of Bolton's Variety store of this city, is leaving Sunday for a weeks vacation to be spent in Tonopah, Nevada.

Misses Adele Cunningham and Lois Kessler of North San Juan were Nevada City visitors Wednesday in the interests of their candidacy in the San Juan queen contest.

Walter Bosworth, nephew of C. E. Bosworth of this city, left last Friday for San Francisc to visit his parents and celebrate his 21st birthday. He will return in a few days.

Mrs. Otto E. Schiffner and son, Robert have returned from a two weeks vacation at Capitola.

Mr. and Mrs. Horace Curnow and Ruth Curnow have returned from two weeks spent in Santa Cruz.

Mrs. Phyllis Smith of Reno, Nevada, is here visiting her daughter, Miss Phyllis Horn, and Mrs. Smith's sister, Mrs. F. A. Elliott, and family of Park Avenue.

Mrs. A. Jacobs and daughter, Betty Jane, of this city have just returned from a visit with friends in Sacramento and San Francisco.

Will P. Clerkin, of the San Juan Ridge section, who is interested in mining and cattle raising, was a Nevada City visitor Wednesday.

O. H. Bilbert, was down from his beautiful camp ground, Plum Valley, this side of Alleghany on Wednesday. He stated he had a number of campers and fishing had been good there this season. Only last Sunday a party caught 100 nice trout, a limit to each of the party.

Mrs. Mabel Provine is here from Antioch visiting with her mother, Mrs. Celia Clemo, and two sisters, Mrs. Fred Sauvee, and Miss Lila Clemo.

Recent visitors of Mr. and Mrs. Bill Davis of the Gold Pan Lodge of Camptonville were Mr. and Mrs. Richard J. Gearen of New York city. Mr. Gearen is a prominent eastern insurance company executive.

Mr. and Mrs. Gearen left New York the day after they were married there and came to California to enjoy their honeymoon. A charivari and lively entertainment were arranged at the Gold Pan Lodge for the honeymooners. Mr. Gearen was highly impressed by the gold mniing operations of the locality, particularly as he has some financial interest in the industry.

Mr. and Mrs. Robert Paige of Reno are also enjoying a delightful vacation at the Gold Pan.

Mr. and Mrs. Brian Krough and daughter, Miss Betty Krough, motored to Sacramento Monday and visited Mrs. Krough's mother and two brothers.

Frank Perri, mining man, whose property is near White Cloud, east of Nevada City, was a Nevada City and Grass Valley visitor Wednesday and Thursday.

Mr. and Mrs. Clark McGiniss returned home yesterday morning from a vacation spent in Los Angeles and San Diego with relatives. They also visited the fair at the latter place. Mr. McGiniss is an instructor in the Nevada City grammar school.

Mr. and Mrs. George Legg returned Thursday after a short stay in the bay region.

Mrs. Mary McIsaacs and twin daughters, Dorothy and Evelyn and grand son, of the bay district, returned home yesteerday after a month's vacation spent in Nevada City with Mrs. McIsaccs' father, Mr. Campbell, and sister Mrs. Ray Worthley.

Miss Betty Jean Rore and brother, Walter, children of Mr. and Mrs. Tony Rore of this city, have returned home from a ten days vacation spent with Mr. Frank Moore at Van Geisen dam. The children had a most delightful time boating on the lake.

Mrs. E. M. Rector and the Misses Ruth and Margaret have returned from a vacation at Tahoe.

Mrs. Al. Williams and daughters of Park avenue have gone to Alleghany for a visit with her mother, Mrs. P. W. Morris.

The Nevada City Fire Department was called to investigate a roof fire at Gene's Place on lower Broad street Thursday morning and found the chimney had become too hot. It was soon controlled by the firemen without the use of water.

Mr. and Mrs. Russell Farley and Sheriff and Mrs. Carl Tobiassen left early this morning for Truckee on a fishing trip in that section.

ELECTORATE TO VOTE ON STATE BONDS AUG. 13

Nevada City citizens August 13th will be called upon to decide the fate of three issues upon the special election ballot. They are clear cut issues and should be faced as such.

The first is the proposition of voting $13,950,000 for extending the state institutions. Aside from the idea that it will provide an enormous amount of work for California's unemployed tradesmen, there is another side to the argument in favor of approving the bond issue.

The other is the humanitarian side—the side at which some cynics sneer, but it is the side that all of us must consider in deciding whether or not we should vote "yes" when August 13th rolls around.

In our insane hospitals the senile are housed in basements or any other available space with those who are mentally sick—so sick in some cases that they are at any time liable to become dangerous. This situation should be remedied, you say? True, it should be!

Then there are the prisons—overcrowded—far beyond their capacity, where the state is attempting the cure for crime disease. Under present conditions it is impossible. So thickly populated are our prisons that the incorrigibles mix freely with the first termers—the youths who perhaps in an unguarded moment have committed some crime. This too should be changed, you say? Again, we agree.

Next is the proposition of enlarging our state capitol and the Los Angeles state building. While this is not as important as the rest, yet it is practical and it is a practical way of solving a difficult problem.

At the present time the state is renting quarters from private realtors. It is costing the state more than the additions will, figuring from a long term basis. It is practical now to build the extensions, materials are cheap and we can benefit our unemployed by giving them the work.

Next on our August 13th ballot is the proposition of whether or not we should authorize short term borrowing of money. During the past years with the deficit upon us it has been necessary for the state to pay some of its bills with warrants or notes bearing 5 percent interest.

Proposition No. 2 on the ballot merely gives the state the right to borrow from banks on short term paper at less than five percent to pay debts. This would mean under present conditions that instead of paying five, the state would pay its debts with money borrowed at 2 or 3 percent and thereby save millions.

Another good business proposition is No. 3 on the special election ballot. More water is needed to supply our four state institutions in Napa valley. This can best be done by building a dam.

Engineers have surveyed and selected Rector canyon as the suitable spot for the dam. They are sure that with a comparatively small amount of money an adequate dam can be built.

Forty five percent of the dam's cost would be paid by the federal government in a direct grant. The balance of the money needed could be borrowed from the government at a low interest rate by using revenue bonds as security for the loan. This would mean that water users, paying less than is now necessary, would be able to pay for the bonds and that the dam would eventually become state property without cost to the taxpayers of California.

The issues on the August 13th ballot are humanitarian and practical ideas rolled into one. We believe them to be good measures and unhesitatingly urge you to vote "yes" on propositions 1, 2 and 3 on August 13th.

Coffee Royale Ice Cream at Colley's Confectionery.

HALL MEAT MARKET MOVES TO BROAD ST.

Mr. Carl Hall has leased the meat department in the Smith's Package Grocery store on Broad street and will move from his present location in the Quality Market on Monday, August 4. The new location will give him more space for his meat shop. Mr. Hall will install a new display case and remodel and paint the shop. When completed it will be one of the most modern in this city. Mr. Hall has resided in this city about two years and is no stranger in the business district having conducted a shop in the Purity Store before going to the Quality Market

SCOUTS SCALE CASTLE PEAK AT CAMP PAHATSI

The last week of Camp Pahatsi was started July 22, for the scouts of Tahoe Area Council.

The regular program was changed and a trip to Castle Peak was enjoyed on Tuesday and Wednesday instead of later in the week as in previous years. Chief Ricksecker led the hike over a new route which proved to be half to three quarters of an hour shorter than the old trail. Many large snow banks were discovered on the trip and peach sherbets made from peaches and snow despite of it's crudity proved to be one of the most delicious dishes ever concocted.

Through the later part of the week R. D. Richardson, of Auburn and football coach of Placer Union High school, trained and passed tests to a group of Scouts in Athletic and first aid.

Bill Broocks, Will Penrose and Lloyd Owens, passed the life saving merit badge after a week of steady practice.

A great deal of advancements came to light at the Court of Honor held last Saturday night, in which over fifty boys received awards.

The thirty two Jamboree scouts, were present at Camp Pahatsi over the week end for a practice camp. Tent pitching and organization of Jamboree songs and stunts were the important features of the practice camp.

The Five Day Hikers, led by Klondike Ike Beecher, returned to Camp Thursday morning, safe and happy. Lots of good fishing was reported as was evidenced by the large amount of trout that they brought back, enough to supply camp with a swell fish dinner. Points of interest that were touched by the hikers were: Independence Lake, Fordyce Lake, White Rock Lake, Mount Lola and other places.

The weekly meeting of the tribe of Pahatsi was held Friday evening. Many new members were initiated into the deeper mysteries of the tribe's pow wows. Fred Stephens, of Roseville, was chosen as the new chief of the tribe for the next year's camp season.

Coffee Royale Ice Cream at Colley's Confectionery.

Mr. and Mrs. Lloyd Culford and children of Livermore are spending a two weeks vacation with their friends, Mr. and Mrs. C. E. Bosworth at their new home in Gold Flat.

FUNERAL SERVICES FOR A. L. SPARKS

Funeral services were held today at 2 o'clock at the Holmes Funeral Home for A. L. Sparks who passed away at the county hospital on Tuesday.

The deceased, a prospector, had lived in Nevada county about two years. He was 43 years old. He leaves one sister, Mrs. F. Derbey of Dutree, Oregon.
